

**PUBLIC NOTICE-CUSTOMERS OF
CLARK COUNTY CONS PWSD 1
FAILURE TO MEET MICROBIOLOGICAL MONITORING
REQUIREMENTS FOR DRINKING WATER**

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During October 2022, we did not complete all monitoring or testing for total coliform, and therefore, cannot be sure of the quality of our drinking water during that time. This is a violation of Missouri Public Drinking Water Regulations.

Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation. Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or by distributing copies by hand or mail.

Provide explanation of cause of monitoring failure:
Lab failed to receive sample from courier.

For more information, please contact water system staff indicated below:

Danie Dover at 660-727-4411 or 114 West Court St., Kahoka, MO 63445.

Additionally you may contact the Department's Northeast Regional Office at 660-385-8000 or Public Drinking Water Branch at 573-526-6925.
